NOTE TO AUTHORS

Contributions for Nuclear Physics B should be sent to the Editor, Professor L. Rosenfeld, NORDITA, Blegdamsvej 17, DK-2100 Copenhagen Ø, Denmark. *Contributions from the USA* may be sent also to one of the following associate editors: Prof. D. Cline, Dept. of Physics, University of Wisconsin, 457 North Charter St, Madison, Wisc. 53706, Prof. D. Gross, Dept. of Physics, Princeton University, Jadwin Hall, P.O. Box 708, Princeton, N.J. 08540, and Prof. F. Zachariasen, Caltech, Pasadena, Cal. 91109. They should be accompanied by a covering letter, indicating, in case of joint authorship, to whom further correspondence, proofs, etc. should be addressed. Authors should take care that their contributions are written in good English, French or German; "broken English" is not acceptable.

Manuscripts for Nuclear Physics B should be prepared in accordance with the rules and conventions outlined in **Instructions to Contributors** which appear on the rear inside cover of most issues.

All papers are subject to refereeing. "Lutter-type" contributions and unnecessarily long papers are unacceptable. Authors should make every effort to achieve the utmost concision compatible with clarity. They should make a careful survey of the literature to ensure that papers do not duplicate previous work and that relevant existing knowledge has been taken into account. It should be realised that the criteria for refereeing are very high. *At present only 50% of the papers submitted are immediately acceptable.*

The Editor and Publisher aim at the following *time schedule*: within one week of submission the Author should have received acknowledgement of receipt of his manuscript. Within two months (normally within one month) he should have had notification of acceptance or rejection, or a request for revision. After receipt of an acceptance card, he should receive proofs within six weeks. Finally, six weeks after returning the corrected proofs, the paper should be published. If this schedule is not adhered to, Authors are requested to notify the Editor and/or the Publisher.

NUCLEAR PHYSICS A is published in weekly issues. The subscription price per volume is Hfl. 91.00 Postfree.

NUCLEAR PHYSICS B is published fortnightly. The subscription price per volume is Hfl. 91.00 Postfree. Combined subscription to both section A and B Hfl. 76.00 Postfree. Back volumes Hfl. 85.75 per volume.

SUBSCRIPTIONS should be sent to the Publishers, NORTH-HOLLAND PUBLISHING COMPANY, P.O. Box 211, Amsterdam, or to any subscription-agent.

CLAIMS FOR MISSING NUMBERS should be made within two months, following the date of publication. The Publishers expect to supply missing numbers free only when losses have been sustained in transit and when stock will permit.

BOOKS FOR REVIEW should be sent to Professor Rosenfeld.
